

KRISTEN LEIGH CONKLIN PHOTOGRAPHY

THE PORTFOLIO ALBUM

Inspired by natural beauty and artistic creation; this portfolio style album is a true piece of art.

The Portfolio's essential elements bring out her natural beauty. Exposed stitching along her spine and natural, oiled, leather holding rustic paper pages.

The Albums natural, oiled, leather is lightly distressed, and is meant to age with you, acquiring the patina of frequent use. Each piece of leather is hand selected and crafted adding to the Portfolio's originality. The Exposed stitches add a unique design element while also securing the rustic pages.
